What's New in the AutoCAD?

Workflow-based drawing enhancements: Discover the number of drawing layers you have. Change the number of layers and switch between them by drawing or by using keyboard shortcuts. (video: 1:26 min.) See the new state options for the Boolean operation modifier. Set the appropriate options and use the Boolean operation modifier to create complex, accurate drawings. (video: 1:40 min.) Working with several designs: Save designs and work on them simultaneously. (video: 1:18 min.) CAD Connect support: Connect to different types of cloud servers from AutoCAD 2023. You can use the commands in your existing application environment to draw and annotate your designs and communicate with your colleagues. (video: 1:30 min.) Save as Draft: Automatically generate a *.dwg file from a PDF document. If the DWG file is in the native DWG format, you can open it in AutoCAD 2023. If it is in another format, save it to the native DWG file format. (video: 1:45 min.) Easier drawing with the new Inkscape integration: You can create complex drawings in Inkscape. Automatically convert them to DXF format, and import them into AutoCAD.
