download iMovie and enjoy it on your iPhone, iPad and iPod touch. . I also think it's a bit confusing when used on a laptop, or any computer at all.. Actually, it's pretty cool. . Basically, if you want to make something good out of a video but don't want to watch it in an editor, there are a lot of options that I just listed. . You really don't need to know much about it and don't need to spend money. . iMovie is the perfect video editor for the beginner. . If you want to have some fun, you can try doing something like "video to video" like some of the kids in the movies did with iMovie. .
