The bullets used in Starlink can be handled to the point of spawning plasma projectiles, which is what you'll see in the GIF above. Here are the five bullets from the game (and one bonus bullet) and a description of what effect they have: Bullet 1: Plasma Projectile A plasma projectile that behaves like a shotgun/rocket launcher. Bullet 2: Ultra Burst Creates an explosion of wreckage and debris. Bullet 3: Mini-Mass Small little ships are bombarded, but it also launches small bullets. Bullet 4: Subspace Rift Creates a rift in space that pulls in all nearby enemies. Bullet 5: Plasma Cannon A cannon is fired at the player that behaves like a mortar, destroying the player's jetpack. Bonus: Laser Burst A weaker version of the plasma projectile. Schedule Monday: Beta Access Wednesday: Bug-fixing Scheduled for the end of this month.
